

# SHOP SERVICE, PARTS, AND RENTALS

WE MAKE SERVICE OUR NUMBER ONE PRIORITY

## SHOP SERVICES

- In-House Meter Proving & Repair.
- In-House Valve Repair. We repair control valves, as well as ball valves.
- Chemical Pump Repair.
- Hot Spare Pump Program for Customers – Available Upon Request. (Many of the common style pumps are in stock and we also have a complete test bench to ensure full functionality of your pumps before you pick them up.)
- Free In-Town Delivery and Pick Up Service – Available for any Repairs & Rentals required.

## PARTS SALES

- We have a large selection of all different types of Instrumentation and Electrical parts, along with access to any parts vendor in North America at our disposal. Our team is highly resourceful and can help you find what you're looking for.
- We carry a very large inventory to be able to best service our customers in the Oil & Gas Industry.
- Free In-Town Delivery Service – Available for Parts Sales worth over \$500

## RENTALS

- We build our Rental Fleet custom tailored to our customers' needs.
- We also have a large assortment of Falcon deadweights, CVS pressure pilots, and chemical pumps available. **Simply tell us what you need and we will get it for you.**
